FOR SUMMER BALL

MEETING TO BE HELD THURSDAY TO ORGANIZE LEAGUE.

INTEREST IN COUNTY

Many of the Towns Show Interest and It is Expected Eight to Ten Teams Will Be Represented.

A meeting will be held on Thursday afternoon at the Commercial club room for the purpose of organizing a county base ball league. Notices have been sent out to all of the towns in the county to have a representative at this meeting. The meeting will be called at 1:30 o'clock.

Many towns over the county are taking quite an interest in the plan for a county league and no doubt, such a league will be organized on Thursday composed of from eight to ten teams.

The plan of the organization is to have a board composed of one man from each team. The organized board will arrange the schedule of the games and it is probable that not over two games will be played a week. In Maryville, the Normal base ball park will probably be used.

The object of forming the county league is bringing the towns in the county closer together and having a better feeling toward one another. Of course, the real object is to furnish amusement for the people. Such a league will furnish the real article of ball and no doubt, will please the people. One condition of the league is that all home town boys played. The expenses will not be very heavy and it is thought that the gate receipts will more than pay out.

A few of the towns that will be in the league are Conception Junction, Elmo, Burlington Junction, Maryville, Hopkins, Skidmore and Barnard.

FREE SEWER CONNECTIONS FOR THE NEXT SIX MONTHS.

SEWER BONDS PAID OFF CONTEST IS TONIGHT

It is Expected New Order Will Make More Sanitary Conditions and Induce New Water Customers.

At an adjourned city council meeting Monday night the license fee of \$25 was taken off for sewer connections, and by the ordinance adopted free connections can be had if it is done within the next six months, and if the connection is made within thirty days after permit is granted. One other requirement is that the city water will have to be used. The free sewer connection seems to meet with favor by the people, and no doubt many will take advantage of the city's offer. The reasons for the city taking off the sewer connection of a \$25 fee are that the sewer bonds are paid for, it will make a more sanitary condition, and will probably secure more customers for the city's water plant.

Mayor Robey and the members of the council said Tuesday that free sewer connections will only be made within the next six months, and after that time a license fee will go on. The council also ordered that Lincoln street, in the south part of the city, be widened to the width of the other streets. This street has been about twenty feet wide, and the property owners in that part have been after the city for some time to get the street wider. The citizens in that district raised \$80 and the city gave \$100 to Mrs. J. C. Curfman for her part of the ground that will be used in widening the road. It will take several feet off of her property, and a sidewalk will be built along the north side of her property to the east side of Main street, where the city will put in a crossing.

James Middleton was appointed by Mayor Robey as street cleaner until his regular appointments are made in May. The appointment was confirmed by the council.

The sidewalk in front of William Everhart's ice plant, on East First street, and also a part on South Main was condemned by the council. Another sidewalk condemned was the sidewalk of Mrs. G. W. Turner, on West Third street.

The eighth grade examinations held last Friday and Saturday in the various townships over the county were taken by 395 pupils of the schools over the county. County Superintendent Oakerson and Prof. B. F. Duncan are grading the papers this week and there are probably 3000 papers that will have to be gone over.

NO MISSOURI EXTRA SESSION.

Governor Major Says Election Laws Cover the Senatorial Situation.

There will be no extra session of the legislature to enact a primary law for the nomination of United States senators, nor to enact any sort of insurance legislation. Governor Major says the state primary law will be applicable to United States senators now that they are elective officers.

On receipt of a communication from Secretary Bryan, he directed Secretary Roach to send to the state department the official resolution ratifying the federal amendment for the direct election of United States senators. Discussing the subject the governor said:

"I have had very little time to consider the question in reference to the amendment to the federal constitution for the direct election of United States senators. I am of the opinion, however, that the present state primary law is ample and sufficient to cover the situation, and that the party nominations for United States senators must be made at the state primary in August. The state primary law reads:

"Hereafter all candidates for elective offices shall be nominated by the primary election held in accordance with this article."

"As the United States senators are now to be elected by the people, they belong to the class known as 'elective offices,' consequently the present law is ample to meet the situation."

C. M. Egger of Hopkins was in Maryville Monday, returning home from a visit with his daughter, Mrs. Alice Gray of Blanchard. He was accompanied by his little granddaughter, Maud Edith Sexson.

Funeral services for Marion Ulmer, who was crushed to death Monday afternoon underneath a house he was moving on a farm about two miles east of Maryville, will be held Wednesday afternoon at 2 o'clock at his late home, 1105 East Thompson street. Rev. J. D. Randolph, pastor of the Buchanan Street Methodist church, will have charge of the service. Burial will take place in Oak Hill cemetery, by the body of Mr. Ulmer's wife, who died the 17th day of last November.

Mr. Ulmer was 55 years old the 18th day of January last. He was born in Scott county, Indiana, but had lived in this section of Missouri for thirty-five years. His wife was Miss Mary E. Majors of Maryville. He was converted and united with the Baptist church in young manhood, but had attended the M. E. church, South, with his wife, who was a member of that church.

Beside the two children, Frank Ulmer and Mrs. Puri Edwards of this city, Mr. Ulmer is survived by his mother, Mrs. Nettie Hall of Meridian, Idaho, and the following brothers and sisters: Thomas W. and Virgil Ulmer, Mrs. Charles Moon, Mrs. Jeff McCorkle and Mrs. J. C. Culver, all of Meridian, Idaho, where they moved from Maryville six years ago this spring; also John Ulmer and Mrs. Eliza Moon of Maryville.

Mr. Ulmer carried insurance in the Metropolitan Life Insurance company. He was an upright, hard working man, and his death is a real loss to his family and friends.

LEFT HIM UP A TREE.

Exciting Moonlight Experience of Prominent Attorney Cause of Merriment to Friends.

If you would like to tease Bill Sawyers real well, he who delights in getting a joke on the other fellow, just ask him how things look to a man up a tree. He'll come down in a hurry, we believe, much quicker than he did Sunday night when he and some friends who were out for a moonlight stroll on South Buchanan street and thought they would go up in that big tree at the Holmes place—that giant of a tree, where Harry Holmes and his friends have built a summer resort about six feet square up in the trunk and have spent many a happy hour in the daytime and have slept comfortably through many a sultry night in summer.

Well, as we said, Bill Sawyers and three of his friends were going along and the moon sort o' worked on their fancy, we presume, and when they got there it is supposed they thought they could see the moon better if they would climb the ladder up the tree's side into that lovely little resting place. They got up all right, but some of Bill's friends saw them and came along suddenly and took the ladder away and left them—twenty feet up in the air.

Nobody knows how Bill and his friends got down and there are all sorts of conjectures as to how they worked it, for the tree is unclimbable and undescendable in the ordinary way of climbing a tree and descending. Their friends did not have time to wait and see how they got out of their predicament.

But ask Bill Sawyers. He'll likely tell you all about it. He's always so affable and agreeable about asking and answering questions, especially the former, and he'll be delighted to see you."

The Little Want Ad.

One, two, three or more short little lines on the classified page of a newspaper and you will call them want ads. Maybe they are want—and maybe they are "don't want," or found ads. But just the same, they are silent little workers who speak to thousands and thousands of persons each day.

Twenty-five per cent of the business transacted in the commercial world is in some way connected with these little want ads. They are cheap and profitable at the same time. They make homes for men, bring work to the unemployed, transfer property and rent houses; they give the poor working girl employment, they set men up in business.

Their capacity for doing things is unlimited. One of the greatest engineering feats of the world, the building of the Keokuk dam, was made possible by a little three line want ad.

The want ads are friends of the poor as well as of the rich. The poor use them to get work, the rich use them to get work done. And often a half-cent a word is all the cost—University Missourian.

POPE IMPROVING;
CRISIS IS PASSED

His Holiness Has Rallied in Wonderful Manner.

PHYSICIANS ARE PLEASED.

After Visit to Bedroom, Dr. Amici Says All is Well—Patient Given Nourishment—After Sleep, He Says He Dreamed That He Would Live.

Rome, April 15.—The pope has rallied in a wonderful manner from the serious attack from which he suffered and the physicians' reports indicate that the danger point, for the present at least, has been passed.

Dr. Amici paid a visit to the sick room this morning. Although the pope's temperature had increased slightly, he found the general condition satisfactory.

Throughout the day the temperature was normal, the pulse remained at about 85 and the respiration 26.

This indicated a considerable amelioration in the bronchial trouble, followed by easier breathing and freedom for long periods from cough.

Takes Nourishment.

In addition, the pope was able to take some nourishment and he showed much interest in what was happening about him. When Professor Marchiava allowed the pontiff's nephew to enter the room there was an affecting scene. The frail and aged pontiff and the young, robust priest embraced eagerly, the latter being careful to restrain his emotion at the pope's change physically.

Professor Marchiava repeated that if prudence were exercised, the pope would recover. He declared that his examination of the chest showed the inflammation on the left side checked and was diminishing, while the bronchial sounds were less noticeable.

Pontiff Bright and Happy.

After his light sleep the pope looked very bright and happy. Although he was advised not to talk, he insisted in explaining how he had just awakened from a wonderful dream. He seemed, he said, to have returned to his beloved Venice. Apparently, he was in his patriarchal gondola on the Grand canal. Everything was blazing with sunlight, when suddenly above St. Mark's the sky opened and he saw a vision of his dead sister, Rosa, who, descending towards him, took his hand, saying: "The moment has not yet come for you to join me. Your work is not yet finished."

The sisters of the pope and his niece are happy in having the pope's nephew with them, as he is most hopeful for the recovery of the pontiff and keeps up their spirits.

Cardinal Kapp, archbishop of Breslau, is expected to arrive soon. He has the highest veneration of the pope and, being deeply affected by the reports of the pontiff's serious condition, desires, even if he cannot see him, to be near him in Rome.

POLICE GRAFT IS UNEARTHED

Illinois Vice Commission in Session at Chicago.

Chicago, April 15.—Mrs. Sarah Mueller, the keeper of a disorderly house, who said she made \$20,000 in the last nine years, testified before the Illinois vice commission that because she refused to pay "protection money" to the police she was put out of business.

Hers was one of many stories brought out before the commission in its efforts to learn the cause of the prevalence of vice. One manager of a downtown hotel admitted that couples who registered at his place were not required to have baggage. Among the witnesses were half a dozen chorus girls of a well known theatrical company.

Homesteaders Drive Out Sheepmen.

Miles City, Mont., April 15.—Encroachment of the homesteader and farmer on the free stock ranges of Montana is driving the sheep raising industry out of this state, was the statement made by President Hammond of the Montana Wool Growers' association, which opened its twenty-seventh annual session here. Mr. Hammond, in his address to the association, predicted that this would be the last session of that organization. Wool dealers are in attendance from Chicago, Sioux City and Omaha.

Auburn to Lose Twine Plant.

Auburn, N. Y., April 15.—Intimidation by a hundred strike pickets at the International Harvester company's twine mill prevented 500 operatives from returning to work. After sixty-eight employees had struggled through the lines of militia and entered the mill, the local officers posted an order to close the mill permanently and to dismantle the machinery for shipment to Nuremberg, Germany.

Would-Be Assassin Is Merry.

Madrid, April 15.—King Alfonso took a ride through the park and was warmly saluted by the crowds, who noisily expressed their joy that he had escaped the bullets fired by the anarchist, Rafael Allegro. During his examination Allegro was in a merry mood and forced the guards surrounding him and the interrogating magistrates to laugh at his witty comments.

JAPAN WILL TEST
CALIFORNIA LAND ACT

Cabinet Prepares to Bring Suit in Supreme Court.

Tokyo, April 15.—The Japanese cabinet reported to the emperor that President Woodrow Wilson's decision not to interfere with the Californian land owner situation makes it necessary for Japan to present a test case before the supreme court of the United States, proving that Japanese are not of Mongolian origin and therefore entitled to citizenship in the United States.

The members of the Tokyo chamber of commerce are expressing high appreciation of a message from the San Francisco chamber of commerce, announcing that the two bodies will combine forces in opposing the land bill pending in the California legislature, which would prevent aliens from owning property.

Many organizations here continue conferences on the situation. A joint meeting of the American and Japanese peace societies is being held for the purpose of presenting their views. The Japan-American society, whose leadership is composed entirely of Japanese, and many other bodies, are organizing in opposition to the bill.

Bomb Found in Bank of England.

London, April 15.—A milk can filled with gunpowder and connected with an electric fuse was found inside the railing surrounding the Bank of England. It was removed by the police. Smoke was issuing from the can when a policeman found it. He plunged it into a fountain in the vicinity. When the can was examined a clockwork arrangement was found inside.

Experts Meet to Classify Lands.

Odgen, Utah, April 15.—More than a score of government men, whose special training is in the determining of soil values and the use of timber lands, met in this city for a week's conference on the work of segregating agricultural lands found within the boundaries of the national forests. These lands are to be thrown open to homesteaders.

After his light sleep the pope looked very bright and happy. Although he was advised not to talk, he insisted in explaining how he had just awakened from a wonderful dream. He seemed, he said, to have returned to his beloved Venice. Apparently, he was in his patriarchal gondola on the Grand canal. GRANDMOTHER USED SAGE TEA TO DARKEN HER FADED OR GRAY HAIR.

Mixed With Sulphur It Makes Hair Soft, Beautiful; Cures Dandruff.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance this simple mixture was applied with wonderful effect.

But the brewing at home is messy and out-of-date. Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product—called "Wyeth's Sage and

Sulphur Hair Remedy"—you will get a large bottle for about 50 cents. Some druggists make their own, which is usually too sticky, so insist upon getting Wyeth's, which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says his customers insist on Wyeth's Sage and Sulphur, because, they say, it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use too. You simply dampen a sponge or soft brush and draw it through your hair, taking one strand at a time. Do this at night and by morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

WILSON TALKS TO D. A. R. CONGRESS

Daughters Open Twenty-Second Annual Business Session.

MRS. STORY IS FIRST VICTOR

Vote on Method of Seating the Delegates Show That She Has a Good Fighting Force—Notable Women At tend Meeting.

Washington, April 15.—Delegates to the continental congress of the Daughters of the American Revolution, which began its twenty-second annual session here, were welcomed to Washington by President Wilson in his first public address since his inauguration. Addresses of welcome also were made by Secretary of State Bryan and the French ambassador, Mr. Jusserand. Both the president and Secretary Bryan told the daughters that it was their duty to apply the principles of their revolutionary ancestors to modern problems.

The afternoon session, given over to addresses of welcome, followed a stormy business meeting, which resulted in a partial victory for the forces of Mrs. William Cummings Story of New York, one of the candidates for president general of the society. Mrs. Story's partisans secured authorization for the appointment of a collateral committee of representatives of each of the candidates for president general to pass upon the seating of contested delegations.

Among the notable women who occupied boxes at the meeting were: Mrs. Woodrow Wilson, Mrs. Thomas R. Marshall, Mrs. William J. Bryan, Mrs. A. S. Burleson, Mrs. Franklin Lane, Mme. Chinda, wife of the Japanese ambassador, and Mrs. John Hays Hammond.

Wilson Delivers Address.

President Wilson commended the society for the splendid work it was doing in commemorating the attainment of American liberty.

"Organizations like this," he said "inspire us of the things that have gone by and of the standards to which we must conform if we would be true and loyal Americans."

"I would not undertake, at any rate in a single improvised address, to set up the canons of Americanism. Americanism is now of so many varieties among the ladies that I am not so sure of my standards on that side of the house and therefore I tread very gingerly when I try to set up standards there. But this I know: That so far as our recollections are concerned, so far as those things are concerned which we intend to live up to and be worthy of, there is only one canon of Americanism. And the real, constant difficulty of American politics is to bring it back so that it will square with the standard set up when the revolution was fought out and an independent nation was established in America."

"We established an independent nation in order that men might enjoy a new kind of dignity; that kind which a man has when he respects every other man and woman's individuality as he respects his own; where he is not willing to draw distinctions between classes; where he is not willing to shut the door of privilege in the face of anyone."

"The dignity of your organization is measured by the dignity of the traditions which you are organized to maintain. Therefore, the American revolution is worth remembering, because it is one of the few struggles in the history of the world which was entirely devoted to establishment of liberty."

AGRICULTURAL SCHEDULE UP

Cattle and Sheep Not to Be Put on Free List.

Washington, April 15.—Persistent efforts to put cattle and sheep on the free list, to cut the duty on swine and in other ways to alter the ways and of the day with an amendment to put were defeated in the Democratic caucus of the house. Democratic leaders fought for the bill as reported.

On the senate side of the congress the tariff revisionists were inactive.

The agricultural schedule was before the house caucus and there were some lively speeches.

Representative Logue (Pa.), a new member, precipitated the biggest fight of the day with a amendment to put cattle on the free list. Cattle and sheep are now dutiable at 10 per cent and swine at \$1.50 a head. The amendment was rejected, 73 to 122.

Representative Burke (Wls.) unsuccessfully sought to reduce the duty on swine from \$1.50 to 75 cents a head, and a motion by Representative Kin laid to put sheep on the free list was voted down, 62 to 58.

Mrs. Pankhurst Is Reported Very Ill. London, April 15.—Mrs. Emmeline Pankhurst, who recently was released from Holloway jail, still is in a serious condition. It is reported she has had a relapse. Dr. Manzell-Moulin, the suffragist medical man, who is attending Miss Zelle Emerson of Jackson, Mich., recently released from jail after serving a term of imprisonment, reports that the attack of appendicitis, from which she is suffering, has become more acute. Her physical condition still renders an operation dangerous.

Suits Filed.

The following were the cases filed late Monday afternoon and Tuesday in the circuit clerk's office for the June term of circuit court:

L. D. Lynch vs. Peter Damgar, appeal from justice's court. Cook, Cummins & Dawson for the plaintiff, and Shinabarger, Blagg & Ellison for the defendant.

Bert P. Ivie vs. William C. Weatherman, perfect title suit. Crawford & Sayler for the plaintiff.

J. C. Chappell vs. A. O. Mason, appeal case from justice's court. W. E. Wiles for the plaintiff and W. G. Sawyers for the defendant.

Another Divorce Suit.

A divorce suit was filed Monday by Crawford & Sayler for Maggie B. Graves vs. James C. Graves. They were married June 24, 1907, and lived together until January 15, 1913. The petition says that the defendant offered such indignities as to make her life intolerable.

Another suit filed was that of Wm. D. McDonald vs. Isaac W. Young and Joseph W. Post. It is a perfect title suit. Crawford & Sayler are the attorneys for the plaintiff.

Went to Father's Funeral.

Mr. and Mrs. C. A. Barbour and children went to Latham, Mo., Tuesday morning to attend the funeral of Mr. Latham's father, W. A. Barbour, who died Monday.

Coughs and Consumption.

Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by the Orear-Henry Drug Co.—Advertisement.

WHAT SAVED HER LIFE

Mrs. Martin Tells About a Painful Experience that Might Have Ended Seriously.

Rivesville, W. Va.—Mrs. Dora Martin, in a letter from Rivesville, writes: "For three years, I suffered with many troubles, and had pains in my back and side. I was nervous and could not sleep at night.

The doctor could not help me. He said I would have to be operated on before I could get better. I thought I would try using Cardui.

Now, I am entirely well.

I am sure Cardui saved my life. I will never be without Cardui in my home. I recommend it to my friends.

For fifty years, Cardui has been relieving pain and distress caused by womanly trouble. It will surely help you.

FOR SUMMER BALL

MEETING TO BE HELD THURSDAY TO ORGANIZE LEAGUE.

INTEREST IN COUNTY

Many of the Towns Show Interest and It is Expected Eight to Ten Teams Will Be Represented.

A meeting will be held on Thursday afternoon at the Commercial club room for the purpose of organizing a county base ball league. Notices have been sent out to all of the towns in the county to have a representative at this meeting. The meeting will be called at 1:30 o'clock.

Many towns over the county are taking quite an interest in the plan for a county league and no doubt, such a league will be organized on Thursday composed of from eight to ten teams.

The plan of the organization is to have a board composed of one man from each team. The organized board will arrange the schedule of the games and it is probable that not over two games will be played a week. In Maryville, the Normal base ball park will probably be used.

The object of forming the county league is bringing the towns in the county closer together and having a better feeling toward one another. Of course, the real object is to furnish amusement for the people. Such a league will furnish the real article of ball and no doubt, will please the people. One condition of the league is that all home town boys played. The expenses will not be very heavy and it is thought that the gate receipts will more than pay out.

A few of the towns that will be in the league are Conception Junction, Elmo, Burlington Junction, Maryville, Hopkins, Skidmore and Barnard.

A banquet was given Monday evening in the basement of the Elks club to Augustus Romasser, who had returned Saturday night with his wife from a three months' honeymoon trip to points on the Pacific coast. The affair was a surprise to the honor guest, and he was brought to the banquet room with handcuffs on in the Wm. Phares auto.

FREE SEWER CONNECTIONS FOR THE NEXT SIX MONTHS.

SEWER BONDS PAID OFF CONTEST IS TONIGHT

It is Expected New Order Will Make More Sanitary Conditions and Induce New Water Customers.

At an adjourned city council meeting Monday night the license fee of \$25 was taken off for sewer connections, and by the ordinance adopted free connections can be had if it is done within the next six months, and if the connection is made within thirty days after permit is granted. One other requirement is that the city water will have to be used. The free sewer connection seems to meet with favor by the people, and no doubt many will take advantage of the city's offer. The reasons for the city taking off the sewer connection of a \$25 fee are that the sewer bonds are paid for, it will make a more sanitary condition, and will probably secure more customers for the city's water plant.

Mayor Robey and the members of the council said Tuesday that free sewer connections will only be made within the next six months, and after that time a license fee will go on.

The council also ordered that Lincoln street, in the south part of the city, be widened to the width of the other streets. This street has been about twenty feet wide, and the property owners in that part have been after the city for some time to get the street wider. The citizens in that district raised \$80 and the city gave \$100 to Mrs. J. C. Curfman for her part of the ground that will be used in widening the road. It will take several feet off of her property, and a sidewalk will be built along the north side of her property to the east side of Main street, where the city will put in a crossing.

James Middleton was appointed by Mayor Robey as street cleaner until his regular appointments are made in May. The appointment was confirmed by the council.

The sidewalk in front of William Everhart's ice plant, on East First street, and also a part on South Main was condemned by the council. Another sidewalk condemned was the sidewalk of Mrs. G. W. Turner, on West Third street.

GRADING EXAMS PAPERS.

NO MISSOURI EXTRA SESSION.

Governor Major Says Election Laws Cover the Senatorial Situation.

There will be no extra session of the legislature to enact a primary law for the nomination of United States senators, nor to enact any sort of insurance legislation. Governor Major says the state primary law will be applicable to United States senators now that they are elective officers.

On receipt of a communication from Secretary Bryan, he directed Secretary Roach to send to the state department the official resolution ratifying the federal amendment for the direct election of United States senators. Discussing the subject the governor said:

"I have had very little time to consider the question in reference to the amendment to the federal constitution for the direct election of United States senators. I am of the opinion, however, that the present state primary law is ample and sufficient to cover the situation, and that the party nominations for United States senators must be made at the state primary in August. The state primary law reads:

"Hereafter all candidates for elective offices shall be nominated by the primary election held in accordance with this article."

"As the United States senators are now to be elected by the people, they belong to the class known as 'elective offices,' consequently the present law is ample to meet the situation."

C. M. Egger of Hopkins was in Maryville Monday, returning home from a visit with his daughter, Mrs. Alice Gray of Blanchard. He was accompanied by his little granddaughter, Maud Edith Sexson.

ULMER FUNERAL WEDNESDAY.

Services Will Be Held at His Late Home, 1105 East Thompson Street, at 2 o'clock.

Funeral services for Marion Ulmer, who was crushed to death Monday afternoon underneath a house he was moving on a farm about two miles east of Maryville, will be held Wednesday afternoon at 2 o'clock at his late home, 1105 East Thompson street. Rev. J. D. Randolph, pastor of the Buchanan Street Methodist church, will have charge of the service. Burial will take place in Oak Hill cemetery, by the body of Mr. Ulmer's wife, who died the 17th day of last November.

Mr. Ulmer was 55 years old the 18th day of January last. He was born in Scott county, Indiana, but had lived in this section of Missouri for thirty-five years. His wife was Miss Mary E. Majors of Maryville. He was converted and united with the Baptist church in young manhood, but had attended the M. E. church, South, with his wife, who was a member of that church.

Beside the two children, Frank Ulmer and Mrs. Puri Edwards of this city, Mr. Ulmer is survived by his mother, Mrs. Nettie Hall of Meridian, Idaho, and the following brothers and sisters: Thomas W. and Virgil Ulmer, Mrs. Charles Moon, Mrs. Jeff McCormick and Mrs. J. C. Culver, all of Meridian, Idaho, where they moved from Maryville six years ago this spring; also John Ulmer and Mrs. Eliza Moon of Maryville.

Mr. Ulmer carried insurance in the Metropolitan Life Insurance company. He was an upright, hard working man, and his death is a real loss to his family and friends.

TWO MORE ATHLETES ENTER.

Number is Now 225 Representing Twenty-Four Schools—Hard Competition for St. Joseph.

Entries for the track meet of two athletes from the Hale, Mo., high school, which were delayed in the mails, were received Tuesday morning by Corresponding Secretary V. I. Moore, making a total of 225 young people entered in the track meet and oratorical contest, representing twenty-four schools of the district.

St. Joseph Central high school, coached by Harold Woodbury, a former Kansas university track star, will come to Maryville expecting to capture the loving cup. The Central team is considered one of the best balanced that ever represented the St. Joseph school. Central's mainstay in the sprints, Bernard Niedorp, won the 100 and 200-yard dashes at the Missouri Valley meet last spring, and of course Central followers expect him to score two firsts in those events here. However, E. Miller of Platte City, showed excellent form in last year's meet here and will be a strong contender in the dashes. Platte City has a strong team and will push Central for first honors.

Presentation of cups by Judge Ira K. Alderman.

LEFT HIM UP A TREE.

Exciting Moonlight Experience of Prominent Attorney Cause of Merriment to Friends.

If you would like to tease Bill Sawyers real well, he who delights in getting a joke on the other fellow, just ask him how things look to a man up a tree. He'll come down in a hurry, we believe, much quicker than he did Sunday night when he and some friends who were out for a moonlight stroll on South Buchanan street and thought they would go up in that big tree at the Holmes place—that giant of a tree, where Harry Holmes and his friends have built a summer resort about six feet square up in the trunk and have spent many a happy hour in the daytime and have slept comfortably through many a sweltering night in summer.

Well, as we said, Bill Sawyers and three of his friends were going along and the moon sort o' worked on their fancy, we presume, and when they got there it is supposed they thought they could see the moon better if they would climb the ladder up the tree's side into that lovely little resting place. They got up all right, but some of Bill's friends saw them and came along suddenly and took the ladder away and left them—twenty feet up in the air.

Nobody knows how Bill and his friends got down and there are all sorts of conjectures as to how they worked it, for the tree is unclimbable and undescendable in the ordinary way of climbing a tree and descending. Their friends did not have time to wait and see how they got out of their predicament.

But ask Bill Sawyers. He'll likely tell you all about it. He's always so affable and agreeable about asking and answering questions, especially the former, and he'll be delighted to see you."

"As the United States senators are now to be elected by the people, they belong to the class known as 'elective offices,' consequently the present law is ample to meet the situation."

Mr. and Mrs. C. G. Nine of Elks City, Okla., who are members of a theatrical company, spent Sunday and Monday in Maryville with their son, Frankie Nine, who makes his home with Mrs. E. R. Belcher, at Fourth and Buchanan streets.

The Little Want Ad.

One, two, three or more short little lines on the classified page of a newspaper and you will call them want ads. Maybe they are want—and maybe they are "don't want," or found ads. But just the same, they are silent little workers who speak to thousands and thousands of persons each day.

Twenty-five per cent of the business transacted in the commercial world is in some way connected with these little want ads. They are cheap and profitable at the same time. They make homes for men, bring work to the unemployed, transfer property and rent houses; they give the poor working girl employment, they set men up in business.

Their capacity for doing things is unlimited. One of the greatest engineering feats of the world, the building of the Keokuk dam, was made possible by a little three line want ad.

The want ads are friends of the poor as well as of the rich. The poor use them to get work, the rich use them to get work done. And often a half-cent a word is all the cost.—University Missourian.

POPE IMPROVING; CRISIS IS PASSED

His Holiness Has Rallied in Wonderful Manner.

PHYSICIANS ARE PLEASED.

After Visit to Bedroom, Dr. Amici Says All Is Well—Patient Given Nourishment—After Sleep, He Says He Dreamed That He Would Live.

Rome, April 15.—The pope has rallied in a wonderful manner from the serious attack from which he suffered and the physicians' reports indicate that the danger point, for the present at least, has been passed.

Dr. Amici paid a visit to the sick room this morning. Although the pope's temperature had increased slightly, he found the general condition satisfactory.

Throughout the day the temperature was normal, the pulse remained at about 85 and the respiration 26.

This indicated a considerable amelioration in the bronchial trouble, followed by easier breathing and freedom for long periods from cough.

Takes Nourishment.

In addition, the pope was able to take some nourishment and he showed much interest in what was happening about him. When Professor Marchiafava allowed the pontiff's nephew to enter the room there was an affecting scene. The frail and aged pontiff and the young, robust priest embraced eagerly, the latter being careful to restrain his emotion at the pope's change physically.

Professor Marchiafava repeated that if prudence were exercised, the pope would recover. He declared that his examination of the chest showed the inflammation on the left side checked and was diminishing, while the bronchial sounds were less noticeable.

Pontiff Bright and Happy.

After his light sleep the pope looked very bright and happy. Although he was advised not to talk, he insisted in explaining how he had just awakened from a wonderful dream. He seemed, he said, to have returned to his beloved Venice. Apparently, he was in his patriarchal gondola on the Grand canal. Everything was blazing with sunlight, when suddenly above St. Mark's the sky opened and he saw a vision of his dead sister, Rosa, who, descending towards him, took his hand, saying: "The moment has not yet come for you to join me. Your work is not yet finished."

The sisters of the pope and his niece are happy in having the pope's nephew with them, as he is most hopeful for the recovery of the pontiff and keeps up their spirits.

Cardinal Kapp, archbishop of Breslau, is expected to arrive soon. He has the highest veneration of the pope and, being deeply affected by the reports of the pontiff's serious condition, desires, even if he cannot see him, to be near him in Rome.

POLICE GRAFT IS UNEARTHED

Illinois Vice Commission in Session at Chicago.

Chicago, April 15.—Mrs. Sarah Mueller, the keeper of a disorderly house, who said she made \$20,000 in the last nine years, testified before the Illinois vice commission that because she refused to pay "protection money" to the police she was put out of business.

Hers was one of many stories brought out before the commission in its efforts to learn the cause of the prevalence of vice. One manager of a downtown hotel admitted that couples who registered at his place were not required to have baggage. Among the witnesses were half a dozen chorus girls of a well known theatrical company.

Homesteaders Drive Out Sheepmen.

Miles City, Mont., April 15.—Encroachment of the homesteader and farmer on the free stock ranges of Montana is driving the sheep raising industry out of this state, was the statement made by President Hammond of the Montana Wool Growers' association, which opened its twenty-seventh annual session here. Mr. Hammond, in his address to the association, predicted that this would be the last session of that organization. Wool dealers are in attendance from Chicago, Sioux City and Omaha.

Auburn to Lose Twine Plant.

Auburn, N. Y., April 15.—Intimidation by a hundred strike pickets at the International Harvester company's twine mill prevented 500 operatives from returning to work. After sixty-eight employees had struggled through the lines of militia and entered the mill the local officers posted an order to close the mill permanently and to dismantle the machinery for shipment to Neuss, Germany.

Would-Be Assassin Is Merry.

Madrid, April 15.—King Alfonso took a ride through the park and was warmly saluted by the crowds, who noisily expressed their joy that he had escaped the bullets fired by the anarchist, Rafael Allegro. During his examination Allegro was in a merry mood and forced the guards surrounding him and the interrogating magistrates to laugh at his witty comments.

JAPAN WILL TEST CALIFORNIA LAND ACT

Cabinet Prepares to Bring Suit in Supreme Court.

Tokyo, April 15.—The Japanese cabinet reported to the emperor that President Woodrow Wilson's decision not to interfere with the Californian land owner situation makes it necessary for Japan to present a test case before the supreme court of the United States, proving that Japanese are not of Mongolian origin and therefore entitled to citizenship in the United States.

The members of the Tokyo chamber of commerce are expressing high appreciation of a message from the San Francisco chamber of commerce, announcing that the two bodies will combine forces in opposing the land bill pending in the California legislature, which would prevent aliens from owning property.

Many organizations here continue conferences on the situation. A joint meeting of the American and Japanese peace societies is being held for the purpose of presenting their views. The Japan American society, whose leadership is composed entirely of Japanese, and many other bodies, are organizing in opposition to the bill.

Bomb Found in Bank of England.

London, April 15.—A millie can filled with gunpowder and connected with an electric fuse was found inside the railing surrounding the Bank of England. It was removed by the police. Smoke was issuing from the can when a policeman found it. He plunged it into a fountain in the vicinity. When the can was examined a clockwork arrangement was found inside.

Experts Meet to Classify Lands.

Ogden, Utah, April 15.—More than a score of government men, whose special training is in the determining of soil values and the use of timber lands, met in this city for a week's conference on the work of segregating agricultural lands found within the boundaries of the national forests. These lands are to be thrown open to homesteaders.

GRANDMOTHER USED SAGE TEA TO
DARKEN HER FADED OR GRAY HAIR.

Mixed With Sulphur It Makes
Hair Soft, Beautiful;
Cures Dandruff.

The use of Sage and Sulphur for
restoring faded, gray hair to its natural
color dates back to grandmother's time.
She kept her hair beautifully darkened,
glossy and abundant with a brew of Sage
Tea and Sulphur. Whenever her hair
fell out or took on that dull, faded or
streaked appearance this simple mixture
was applied with wonderful effect.

But the brewing at home is messy and
out-of-date. Nowadays skilled chemists
do this better than ourselves. By asking
at any drug store for the ready-to-use
product — called "Wyeth's Sage and
Sulphur Hair Remedy"—you will get a
large bottle for about 50 cents. Some
druggists make their own, which is
usually too sticky, so insist upon getting
Wyeth's, which can be depended upon
to restore natural color and beauty to
the hair and is splendid for dandruff, dry,
feverish, itchy scalp and falling hair.

A well-known downtown druggist says
his customers insist on Wyeth's Sage
and Sulphur, because, they say, it darkens
so naturally and evenly that nobody
can tell it has been applied—it's so easy
to use too. You simply dampen a sponge
or soft brush and draw it through your
hair, taking one strand at a time. Do this
at night and by morning the gray
hair disappears; after another application
or two, it is restored to its natural
color and looks glossy, soft and abundant.

WILSON TALKS TO
D. A. R. CONGRESSDaughters Open Twenty-Second
Annual Business Session.

MRS. STORY IS FIRST VICTOR

Vote on Method of Seating the Delegates Show That She Has a Good Fighting Force—Notable Women Attend Meeting.

Washington, April 15.—Delegates to the continental congress of the Daughters of the American Revolution, which began its twenty-second annual session here, were welcomed to Washington by President Wilson in his first public address since his inauguration. Addresses of welcome also were made by Secretary of State Bryan and the French ambassador, Mr. Jusserand. Both the president and Secretary Bryan told the daughters that it was their duty to apply the principles of their revolutionary ancestors to modern problems.

The afternoon session, given over to addresses of welcome, followed a stormy business meeting, which resulted in a partial victory for the forces of Mrs. William Cummings Story of New York, one of the candidates for president general of the society. Mrs. Story's partisans secured authorization for the appointment of a collateral committee of representatives of each of the candidates for president general to pass upon the seating of contested delegations.

Among the notable women who occupied boxes at the meeting were: Mrs. Woodrow Wilson, Mrs. Thomas R. Marshall, Mrs. William J. Bryan, Mrs. A. S. Burleson, Mrs. Franklin Lane, Mme. Chinda, wife of the Japanese ambassador, and Mrs. John Hays Hammond.

Wilson Delivers Address.

President Wilson commanded the society for the splendid work it was doing in commemorating the attainment of American liberty.

"Organizations like this," he said "remind us of the things that have gone by and of the standards to which we must conform if we would be true and loyal Americans.

"I would not undertake, at any rate in a single improvised address, to set up the canons of Americanism. Americanism is now of so many varieties among the ladies that I am not so sure of my standards on that side of the house and therefore I tread very gingerly when I try to set up standards there. But this I know: That so far as our recollections are concerned, so far as those things are concerned which we intend to live up to and be worthy of, there is only one canon of Americanism. And the real, constant difficulty of American politics is to bring it back so that it will square with the standard set up when the revolution was fought out and an independent nation was established in America.

"We established an independent nation in order that men might enjoy a new kind of dignity; that kind which a man has when he respects every other man and woman's individuality as he respects his own; where he is not willing to draw distinctions between classes; where he is not willing to shut the door of privilege in the face of anyone.

"The dignity of your organization is measured by the dignity of the traditions which you are organized to maintain. Therefore, the American revolution is worth remembering, because it is one of the few struggles in the history of the world which was entirely devoted to establishment of liberty."

AGRICULTURAL SCHEDULE UP

Cattle and Sheep Not to Be Put on
Free List.

Washington, April 15.—Persistent efforts to put cattle and sheep on the free list, to cut the duty on swine and in other ways to alter the ways and of the day with an amendment to put were defeated in the Democratic caucus of the house. Democratic leaders fought for the bill as reported.

On the senate side of the congress the tariff revisionists were inactive. The agricultural schedule was before the house caucus and there were some lively speeches.

Representative Logue (Pa.), a new member, precipitated the biggest fight of the day with a amendment to put cattle on the free list. Cattle and sheep are now dutiable at 10 per cent and swine at \$1.50 a head. The amendment was rejected, 73 to 122.

Representative Burke (Wis.) unsuccessfully sought to reduce the duty on swine from \$1.50 to 75 cents a head, and a motion by Representative Kin kaid to put sheep on the free list was voted down, 62 to 98.

Mrs. Pankhurst Is Reported Very Ill.

London, April 15.—Mrs. Emmeline Pankhurst, who recently was released from Holloway jail, still is in a serious condition. It is reported she has had a relapse. Dr. Manzell-Moulin, the suffragist medical man, who is attending Miss Zelie Emerson of Jackson, Mich., recently released from jail after serving a term of imprisonment, reports that the attack of appendicitis, from which she is suffering, has become more acute. Her physical condition still renders an operation dangerous.

Suits Filed.

The following were the cases filed late Monday afternoon and Tuesday in the circuit clerk's office for the June term of circuit court:

L. D. Lynch vs. Peter Damgar, appeal from Justice's court. Cook, Cummings & Dawson for the plaintiff, and Shinabarger, Blagg & Ellison for the defendant.

Bert P. Ivie vs. William C. Weatherman, perfect title suit. Crawford & Sayler for the plaintiff.

J. C. Chappell vs. A. O. Mason, appeal case from Justice's court. W. E. Wiles for the plaintiff and W. G. Sawyers for the defendant.

Another Divorce Suit.

A divorce suit was filed Monday by Crawford & Sayler for Maggie B. Graves vs. James C. Graves. They were married June 24, 1907, and lived together until January 15, 1913. The petition says that the defendant offered such indignities as to make her life intolerable.

Another suit filed was that of Wm. D. McDonald vs. Isaac W. Young and Joseph W. Post. It is a perfect title suit. Crawford & Sayler are the attorneys for the plaintiff.

Went to Father's Funeral.

Mr. and Mrs. C. A. Barbour and children went to Latham, Mo., Tues. day morning to attend the funeral of Mr. Latham's father, W. A. Barbour, who died Monday.

Coughs and Consumption.

Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when one has a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by the Oscar-Henry Drug Co.—Advertisement.
